

LCAA Revising Boards and Commissions Handbook

We are working on a revised and updated version of the LCAA Boards and Commissions Handbook, last updated in 2003. The handbook, first introduced as a LCAA benefit in 1995, includes information about nonprofit boards and city and county commissions in the Midlands. The book is provided to LCAA members free of charge.

In the 2001 LCAA membership survey, over half of the members said that they want LCAA to provide information about nonprofit boards and commissions. We created this useful resource to guide our members to opportunities for community service.

If you are a member of a nonprofit or local government board or commission and can help us to update the board entry, or if you know of a new nonprofit organization that should be included in our updated guide, please contact Erin Granger at 733-1123 or egranger@columbiachamber.com

Comments, additions, or updates may also be sent to LCAA, Board Handbook, P.O. Box 1360, 930 Richland St, Columbia, SC 29202.
